

This architectural elevation drawing shows a building facade with a grid system. The grid consists of 14 vertical lines, with the first three lines labeled 1, 2, and 3', and the remaining lines labeled 4 through 14. Horizontal dimensions are provided between these grid lines: 6000 units between lines 1 and 2, 6000 units between 2 and 3', 6000 units between 3' and 4, 6000 units between 4 and 5, 6000 units between 5 and 6, 6000 units between 6 and 7, 6000 units between 7 and 8, 6000 units between 8 and 9, 6000 units between 9 and 10, 6000 units between 10 and 11, 6000 units between 11 and 12, 6000 units between 12 and 13, 850 units between 13 and 14, and 6000 units between 14 and the end of the facade. The building features a series of vertical fins or columns, a central entrance area with a staircase, and a section on the right with a different facade treatment. Elevation markers include +10.250, +9.900, +8.900, +4.800, +18.150, +4.895, +9.000, +6.100, +6.895, +5.700, +0.050, and +14.450. The drawing is a technical representation of a building's exterior, likely for construction or design purposes.

This architectural elevation drawing shows a building facade with a grid system. The grid consists of vertical lines numbered 1 through 14 from right to left, and horizontal lines numbered 1 through 13 from bottom to top. The building is divided into several sections by these grid lines. Key features include a central section with a large, multi-story window, a section on the left with a smaller window, and a section on the right with a staircase. Various annotations are present, including dimensions (e.g., 6000, 850, 18150, 10250, 8900, 9100, 4800, 9000, 0.070, 0.000, 0.100, 4.895, 5.100, 5.700, 14.400) and elevations (e.g., +14.400, +5.700, +5.100, +4.895, +0.070, +0.000, -0.100, -0.400, +10.250, +8.900, +9.100, +4.800). The drawing is rendered in a light blue color scheme.
