## WRITTEN REPORT OF THE CONTRACTING AUTHORITY

pursuant to Section 217 of the Act No. 134/2016 Coll., Public Procurement Act, as amended (hereinafter referred to as the „Act“)

Reg. No. of the public procurement: Z2023-046652

TED No.: 2023/S 203-636512

Date of commencement of the procurement procedure: 16. 10. 2023

**Public supply contract awarded in the above-threshold regime setting up of a dynamic purchasing system (hereinafter referred to as the „DPS“):**

**Dynamic purchasing system of collection of chemical compounds  
for automated chemical libraries for the Palacký University  
Olomouc (2023-2026)**

**Contracting Authority:** **Palacký University Olomouc**  
Rector: prof. MUDr. Martin Procházka, Ph.D.  
Legal Adress: Křížkovského 511/8, CZ-771 47 Olomouc,  
Czech Republic  
Identification No.: 61989592  
(hereinafter referred to as the "Contracting Authority")

**Section 217 (2) a) of the Act**  
***the identification of the contracting authority, the subject-matter of the public contract and the price agreed in the public contract, where it has been concluded***

**IDENTIFICATION DATA OF THE CONTRACTING AUTHORITY:**

**Palacký University Olomouc**

Rector: prof. MUDr. Martin Procházka, Ph.D.

Legal Adress: Křížkovského 511/8, CZ-771 47 Olomouc, Czech Republic

Identification No.: 61989592

**SUBJECT-MATTER OF THE PUBLIC CONTRACT:**

The subject of public contracts in DPS will be groups of chemical substances in a suitable format for use in automated chemical libraries under the commercial and technical conditions specified by the Contracting Authority. This is a collection of chemical compounds that are either synthetic or derived from natural sources (nutraceuticals, phytochemicals) that will be stored in tubes or microtiter plates that have unique identifiers for easy tracking and retrieval. Each compound will be defined by a specific chemical structure, form (e.g. powder, solution with defined solvent) and purity level that is confirmed by the analytical data provided. Analytical data may include high performance liquid chromatography (HPLC) and/or high resolution mass spectrometry (HRMS) and/or nuclear magnetic resonance (NMR) spectroscopy, which are techniques that can separate, identify and quantify chemical entities. The subject matter is intended for use for research and development purposes in the fields of biotechnology and medicine.

The subject matter of specific public contracts awarded under the DPS will always be specified in the invitation to tender within the meaning of Section 141 of the Act.

The DPS shall be implemented for a period of **36 months**.

The Contracting Authority envisages the award of public contracts in the DPS at irregular intervals not determined in advance, depending mainly on the operational needs of the Contracting Authority. Also, the volume of individual procurement contracts awarded in the DPS is expected by the Contracting Authority to range from units to tens of units in a specific procurement and cannot be predicted with certainty. Since the basic principle of public procurement is the efficient use of public funds and one of the sub-objectives is to achieve the lowest price, the expected volumes cannot be determined more precisely or financially.

**CLASSIFICATION OF THE SUBJECT OF THE PUBLIC CONTRACT FOR SUPPLIES:**

| <u>CPV code</u> | <u>Title</u>                          |
|-----------------|---------------------------------------|
| 24300000-7      | Basic inorganic and organic chemicals |
| 24900000-3      | Fine and various chemical products    |

The subject matter of specific public contracts awarded in the DPS will always be specified in the invitation to tender within the meaning of Section 141 of the Act.

### **PRICE AGREED IN THE PUBLIC CONTRACT:**

Contracts will be concluded for individual public contracts awarded under the established dynamic purchasing system. These contracts will be publicly available in the register of contracts. Links to the individual contracts concluded under this dynamic purchasing system will be provided on the profile of the Contracting Authority at <https://zakazky.upol.cz/dns00000031>.

The results of the individual public contracts awarded under the dynamic purchasing system will also be published in the Notices of the results of the procurement procedure in the Public Procurement Bulletin - Reg. No. of the public procurement: Z2023-046652.

#### **Section 217 (2) b) of the Act the type of procurement procedure used**

Public supply contract awarded in the above-threshold regime in restricted procedure setting up of a dynamic purchasing system in accordance with provisions of Section 138 et seq of the Act.
